

## “SC Marineanca-Agro” invests in low emissions farm machinery

SC Marineanca-Agro SRL produces grains, cereals and fodder plants. In 2017 the company invested in new tractors and seeders and benefits from reduced fuel consumption, reduced pollutant emissions and moves closer to meeting EU Standards. The company took a EU4Business-EBRD Credit Line loan and, because the equipment chosen was standardized, it chose the fast and simple LET process. After the successful project verification the company received 10% of the loan value as a grant incentive, funded under the EU4Business initiative of the European Union.

### Invested in:

- New Tractor
- New Seeder
- Other related tools

### Invested Volume:

- Loan Amount: EUR 80,813
- Grant Amount (10%): EUR 8,081.3

### EU Directives met:

- Directive 2003/37/EC of the European Parliament and of the Council of 26 May 2003 on type-approval of agricultural or forestry tractors, their trailers and interchangeable towed machinery, together with their systems, components and separate technical units and repealing Directive 74/150/EEC
- Directive 2006/42/EC of the European Parliament and of the Council of 17 May 2006 on machinery, and amending Directive 95/16/EC (recast)
