

„REPROMED SRL“ invests in latest medical equipment offering highest standard medical services in Moldova

REPROMED Medical Center is a privately owned Clinic founded in 2012, specialized in diagnostic and treatment of reproductive disorders. In 2018 REPROMED started the construction of a new medical center, which aims to offer the highest standard medical service to people (local and from neighbouring countries). In order to equip the new medical center to cater for the best services to patients, the owners decided to purchase new equipment and relevant accessories with support of the **EU4Business-EBRD Credit Line**. With this investment, REPROMED has become fully compliant with corporate requirements and applicable EU Directives. In addition to the new equipment, the Company is going to set management standards, thus improving service quality and occupational health and safety standards across the organization. After the successful project verification, the company receives 15% of the loan value as a grant incentive, funded under the EU4Business initiative of the European Union.

Invested in:

- XRAY, Floor plate & Affiniti 70 by Philips Medical Systems
